ACADEMIC CALENDAR

For the most up-to-date information about the academic calendar, see the following page:
uni.lisztacademy.hu > FOR STUDENTS > ACADEMIC CALENDAR

The registration period for the first (autumn) semester starts at the end of August, and the first semester starts in early September. The second (spring) semester starts in February and ends in late June. The timeframes are set in the academic calendar.

ACCESS CARD

In the first few weeks, all new students receive an access card used for entering the buildings and the practice rooms of the Liszt Academy. On the card are written the full name of the student and their NEPTUN* code. (Until your access card is issued, please show your Letter of Acceptance to the receptionists when you want to enter a building of the Liszt Academy.)

*NEPTUN = electronic study system (central online education portal) in Hungary, for managing administrative matters of university students (students manage their own subject registration, requests, financial matters)

The NEPTUN code and a personal password are used for entering the NEPTUN system and the online practice room reservation system. The NEPTUN codes are sent to students before the beginning of the academic year, and they are also printed on every student's access card.

The automatically generated password for entering the online systems is Ne + [your birth date without spaces or dots], which you can change at neptun.lfze.hu/hallgato/login.

Please note that your Neptun password and the 3rd floor practice room booking password and the wi-fi password are the same.

In case you forget or lose your password, contact the staff of the International Sub-Department immediately.

The access card students are given is a non-transferable personal document. Students must not give or lend it to anyone. The abuse or misuse of the access card may result in disciplinary proceedings.

Lost or damaged access cards

In case the access card is lost or damaged within 3 years after being issued, students are required to pay a replacement fee of 5000 HUF. Ask the security staff at the entrance of the Ligeti building for an access card request form (HU: 'belépőkártya igénylőlap'), and pay the replacement fee through your Neptun account. For help, you can turn to the staff in Room 014. Until your new card is issued (in 1-2 days), you are given a temporary card valid for a week that can be used to access the buildings of the Liszt Academy and to open the practice rooms.

LIBRARY

The Central Library is on the ground floor of the main building, and the multimedia collection of CDs, DVDs and vinyl records is in the Semmelweis building. Non-degree and ERASMUS/guest students are required to pay a deposit of 30.000 HUF, which can be reclaimed at the end of their programme at the library. ADMINISTRATIVE TASKS OF STUDENTS

REGISTRATION FORM

All students need to submit a registration form at the beginning of every academic year, at Room 014. Submitting the registration form is also a prerequisite of getting a certificate of enrolment (necessary for visa procedures, etc.).

Printing your enrolment form (for full-time students only): login to your Neptun account, enrol, then submit it to us during registration period.

Neptun guides: lfze.hu/for-students/neptun-117324

CURRICULUM

Full-time study programmes are credit based, which means that students are required to collect a certain number of credits to complete their studies.

uni.lisztacademy.hu > FOR STUDENTS > CURRICULUM

<https://uni.lisztacademy.hu/for-students/curriculum-116343>

Bachelor of Music programmes consist of **180 ECTS credits** and are ideally completed in 3 years (6 semesters).

Master of Music programmes consist of **120 ECTS credits** and are ideally completed in 2 years (4 semesters).

Both types of programmes consist of *compulsory subjects*, *elective subjects*, and in some cases *compulsory elective subjects*.

With certain conditions, students can register for subjects that are not part of their own study programme - in this case, the International Sub-Department must be notified. Credits for subjects completed this way will count towards the necessary number of credits for elective subjects.

All students are responsible for regularly consulting their curriculum and checking their progress, to make sure they complete all the compulsory subjects and collect the minimum number of credits for elective subjects.

Note: in case of students with home institutions other than the Academy (Erasmus, guest students, etc.) there is no maximum number of credits or lessons determined by the Academy, however, they must complete at least one course per semester. They must abide by the rules of their home institution regarding the number of credits they need to collect during their guest studies.

TIMETABLE

Updates in the timetable are announced on the online news page for international students (uni.lisztacademy.hu > FOR STUDENTS > NEWS). There are many one-to-one courses that require personal consultation with their instructor to fix class times, so please also follow notifications about one-to-one courses and record the time and place of the classes in your personal timetable. Meetings to fix class times are held in the first weeks of the semester – make sure not to miss any of them!

EVALUATION

The Liszt Academy has a credit-based teaching system. The various ways of testing the acquired knowledge as indicated in the syllabus include semester grades, examinations, comprehensive examination, complex comprehensive examination, consultations with the supervisor of the thesis paper, diploma concert and/or complex final examination.

The Academy uses a 5-scale evaluation system:
excellent (5), good (4), satisfactory (3), poor (2), fail (1).

In case of practical courses, making a sincere effort to participate actively during classes is very important and contributes to the overall grade at the end of the semester. Attendance is also very important, and usually there is an attendance sheet to be signed at the end of a class. After three missed classes, the instructor of the course might deny completion of the course.

Note: exchange students (e.g. Erasmus) of the Academy are exclusively evaluated based on the system detailed above. It is the students' home institution's responsibility to transfer and validate the number of credits and type of subjects that the Academy provides students during their studies.

More information: uni.lisztacademy.hu > FOR STUDENTS > ECTS

CREDIT TRANSFER

In case students wish to have credits transferred from their previous studies, credit transfer requests must be submitted as soon as possible or by the first day of classes, at the latest. Necessary documents for submission: transcript of studies, course descriptions. Staff in charge of credit transfer matters: Ms. Edit KOVÁCS. Contact: kovacs.edit@zeneakademia.hu, Ligeti building (WE), Room 013.

COURSE REGISTRATION

Full-time and guest students

Full-time and guest students can register for courses in the online study system, NEPTUN.

The course registration period is usually the last week of August and the first week of September. Outside the course registration period it is not possible to register for (or cancel) courses in the given semester.

Note that you have to do the enrolment/registration procedure first; otherwise you cannot register for courses.

Visit the Academy's website to download the curriculum, where you can check which courses you are required to register for during the course of your study programme in order to complete it. You can also get a printed copy in Room 014.

Curriculums: uni.lisztacademy.hu > FOR STUDENTS > CURRICULUM

To register for courses/subjects, please log into your Neptun account, and go to Subjects > Registering for subjects.

For detailed instructions see Pages 9 to 17 of the material 'Introducing Neptun to International Students'.

Non-degree students

Non-degree students may apply for extra modules besides their guaranteed main subject lessons until July for the autumn semester, and until January for the spring semester. For the application form and further details please turn to administrative staff at Room 014.

MEETINGS TO FIX CLASS TIMES

At the beginning of the semester, instructors of one-to-one classes (and some small-group courses) hold meetings to fix the time of their classes with their students. The date, time and place of these meetings are announced on the website (uni.lisztacademy.hu > FOR STUDENTS > NEWS). It is the students' responsibility to follow notifications, attend the meetings, and create their personal timetable.

NOTES ABOUT SOME COURSES

Chamber music

Chamber music is a compulsory course in both BA and MA curriculums for full-time students. For details and number of classes to be taken, please consult your curriculum and closely follow notifications about chamber music classes on the website and via e-mail.

Erasmus, guest and non-degree students: participation in chamber music groups and lessons is only allowed if students are guaranteed to stay for full semesters (September-January and/or February-June). As closing department concerts and exams are essential parts of the curriculum, all members of chamber music groups are obliged to perform at the end of the semesters.

For further details see the website of the Liszt Academy, or turn to the study administrators.

Concert Attendance

Completing this 'course' is compulsory for full-time students in both BA and MA programmes. There are no traditional (classroom-type) classes held during the semester, however, at the end-of-term examination students are required to present tickets and/or hand-outs as a proof that they have attended at least 10 concerts and/or opera performances during the semester. Students may also be asked to answer any questions based on their experience. The instructor of the music history course in your curriculum conducts the examination and verifies the completion of Concert Attendance with their signature.

Master Course

Master courses held by renowned Hungarian and international musicians are organized regularly for students of the Liszt Academy during the academic year. You can earn credits for them if you register for the "Master Course" subject at the beginning of the semester in which you plan to take one. Credits are awarded when the head of the relevant department confirms participation by signing the index (mark book) for the subject. If you are not in regular contact with the head of the relevant department, you can get his/her signature at the time of the main subject examinations at the end of the semester.

Secondary Instrument

Request by full-time and guest students for adding a secondary instrument is only possible if consented by the head of the relevant Sub-Department and the professor teaching the subject. The Secondary Instrument Request form (available at Room 014) is to be submitted at Room 014 by the first week of the semester when you intend to take the subject. It is strongly recommended that you consult the staff of Room 014 by 15 July for the Autumn Semester and by 15 January for the Spring Semester, about capacity and contact information, if you are not in regular contact with the teaching staff of the secondary instrument of your choice. (<https://uni.lisztacademy.hu/for-students/curriculum-116343>)

COMPLETION OF COURSES

Please make sure that you register for the courses that you want to complete, in the course registration period. It is not possible to register for (or cancel) courses outside the course registration period, and if you do not register for courses in the course registration period, you cannot get credits and a grades for them, even if you attended the classes during the semester.

To check your results in a given semester, go to the following page in your Neptun account: "Studies" > "Gradebook" > "Print fulfilment page".

Registered, but unattended courses count as failed classes in the general average of grades.

*Non-degree students do not need to get marks and signatures for the courses that they have registered for. They do not have to take tests and examinations; their only responsibility is to attend classes regularly.

FINANCIAL MATTERS

TUITION FEE

Tuition fees are to be paid by the given deadline of each semester. Minimum payment is the fee of one semester*. Non-degree students are required to pay at least the basic tuition fee of 1400 EUR per semester until 31 August and 31 January, and pay the rest of their tuition fee after their classes have been confirmed. Fees can be transferred to the Academy's bank account**.

*Instalment plan may be requested from the second semester on for full-time students. The request form is available at Room 014.

** Payment in cash at the Cashier's Office is possible for small amounts only (e.g. application fee, recording fee, late fees), up to 100 000 HUF.

STUDENT BANK ACCOUNT

As the university transfers state-subsidised and Hungarian state scholarship receiving students their monetary scholarship, having a Hungarian bank account for them is a must. It is highly recommended to have a Hungarian bank account for other students, as well, as monetary prizes for Hungarian music competitions etc. are usually transferred to Hungarian bank accounts only. Also, in case of transferring the tuition fee from a Hungarian bank account to the Liszt Academy's account there is less or no transfer fee.

Major banks in Hungary:

Raiffeisen Bank / raiffeisen.hu/web/english (foreigner friendly bank)

ERSTE Bank / erstebank.hu (currently only available in Hungarian)

OTP Bank / otpbank.hu/portal/en/Retail

TAX NUMBER

Students need to have a tax number to be able to receive any kind of money through legal work, competition or support* during their stay in Hungary.

For all types of support, students need to provide the following details to the study administrators:

- a Hungarian bank account number and account details where the money can be sent
- a Hungarian TAX NUMBER

Students who need help with applying for a tax number might turn to the staff of the International Sub-Department. The Students' Union is responsible for processing applications for social support and merit-based support.

*State-subsidised and Stipendium Hungaricum/SCY scholarship students, besides not having to pay tuition fee, also get a small amount of monthly monetary support from the Academy. More detailed information about monetary support is sent out by e-mail at the beginning of the academic year and it is also available at the Study Department.

SCHOLARSHIP TRANSFER SCHEDULE

Students who receive their monetary scholarship (Stipendium Hungaricum, SCY, or state-subsidized studies) through the Liszt Academy may expect the following transfer schedule during the academic year:

September, February: 3rd or 4th week

October, November, December, January, March, April, May, June, July, August: between the 2nd and 10th day of each month

Scholarship students who finish one study programme and continue their scholarship studies in another one at the Liszt Academy are entitled to the monthly monetary support in the summer months between the two study programmes, however, they receive their support for July and August along with the support for September, after they signed the scholarship contract for the new study programme.

Also, you should always have on you the phone number and address of the embassy or consulate of your country in Hungary.

BUDAPEST, THE CITY

Budapest is a relatively safe city, however, since petty theft is common especially in the city centre and crowded places, people should always watch their belongings when they travel or sit in a public facility, restaurant, etc. Bags should not be taken off, or should be put in the lap when sitting down. Walking alone at night in the city is best to be avoided, just to be safe. Be cautious when withdrawing money: ATMs at well-known tourist spots and outside the premises of bank offices might be rigged and you might be the victim of skimming.

Do not ever hand personal documents such as passport, ID card, credit card, or belongings (mobile phone, wallet/purse etc.) to anyone on the street unless you are asked to do so by a police officer, who should always identify themselves with their badge and ID number.

In case your belongings are stolen, it must be reported to the local police headquarters as soon as possible. It is also advised to turn to the embassy or consulate of your country.

Report the loss of your passport to the following 24-hour authority:

Budapest and Pest County Directorate of the Office for Immigration and Citizenship

Address: H-1117 Budapest, Budafoki út 60., Phone nr.: +361 463-9165, +361 463-9181

TRANSPORTATION

TAXI

Taxi cabs should be ordered by phone from certified and trusted taxi companies, to avoid 'private taxis' that charge unusually high fares. Taxis ordered on short notice will arrive within 15 minutes.

STUDENT CARD

To be able to purchase a student pass and use the public transport system of Budapest and certain other services for a reduced price, you have to verify your student status*, and depending on your study programme, there are several ways to do that.

*Non-degree students (except for preparatory SPCYP scholarship students) are not entitled to a student card or document verifying student status, and therefore are not eligible for student discounts outside the Liszt Academy. However, they are entitled to student tickets for concerts of the Liszt Academy Concert Centre.

GUEST/EXCHANGE (EU, EEA or Swiss citizens) and ERASMUS students (with student card issued by an institution in the EU, EEA or Switzerland) can verify their student status with either of the following three documents:

1. Student card issued by their home institution (it must be validated for the relevant semester by the home institution)

OR

2. International student card (ISIC) (for further information about ISIC, visit: isic.org) validated by their home institution

OR

3. Temporary student certificate (to be renewed every two months, available at Room 014; temporary Hungarian address is needed). It can be issued to Erasmus students from non-EU countries, too.

GUEST/EXCHANGE students with citizenship other than EU, EEA or Swiss can verify their student status with a temporary student certificate (to be renewed every two months, available in Room 014).

FULL-TIME students

Full-time students have to apply for a Hungarian student card, in the following way.

Step 1: Go to the nearest Office of Government Issued Documents ('okmányiroda' in Hungarian), and ask for a NEK datasheet ('NEK adatlap') to be filled out, and an official ID photo to be taken there. Bring your passport or EU ID card (and residence permit card if you already have one), and your Hungarian address card (white paper card received during immigration procedures).

Address of the Office of Government Issued Documents in District 7 (nearest to the Liszt Academy): 1073 Budapest, Erzsébet körút 6. (open weekdays from 8 a.m.; closing hours vary).

If you need information about Offices of Government Issued Documents in other districts, you may turn to administrative staff for assistance.

Step 2: Fill in the student card application data fields in Neptun (under "Administration" > "Student Card request"), using the data on the NEK datasheet, and submit your request. Study Department administrators may see the further phases (whether the application was accepted, or is being processed, etc.). You can find a graphic guide here: uni.lisztacademy.hu > FOR STUDENTS > NEPTUN

After you have submitted your student card request in Neptun, you can ask for a temporary student certificate (printed by the staff of the International Sub-Department, A4 format sheet), which you may use as a student ID document for student discounts, until your permanent card arrives. The procedure might take some time, and the temporary student certificate expires after two months, so please make sure to renew the certificate after two months if necessary, at Room 014.

*Please do not forget that your **student card** and your **access card** are two different documents, and they are not interchangeable. For the public transport or for reduced price services, you must use your student card or temporary student certificate.*

STUDENT PASS (DISCOUNT COUPON) FOR THE PUBLIC TRANSPORT SYSTEM

With the student cards and the temporary certificate described above, you can buy a discounted pass for public transport in Budapest, called the *30-day pass for students attending higher education institutions* (HU: 'Havi Budapest-bérlet felsőoktatásban tanulóknak') for 3450 HUF, or the Semester Budapest-pass for students (HU: Szemeszterre szóló Budapest-bérlet felsőoktatásban tanulóknak) for 16200 HUF - both can be purchased at cashier's booths of metro stations. Tell the cashier the first day of the period of validity and your student card/certificate registration number which will be printed onto the pass coupon. You can also buy passes and tickets from vending machines at metro stations and some bus and tram stops by entering your student card registration number by yourself. The vending machines accept cash (HUF) and bank cards.

Rules of using the public transport system

Please always make sure that you have a valid student card (valid sticker on the back) or temporary student certificate and a valid pass coupon. The number of the card/certificate must be written on the pass coupon itself. If you do not have a valid pass coupon or a student card/certificate, only you can be held responsible. The number to be used in case of the temporary certificate is written after the words 'OM azonosító' (Ministry of Education Identity Number).

Also note that you always have to carry your student card or original copy of your temporary student certificate. Photocopied certificates are invalid, and you will be fined if you do not have the original copy on you when inspected.

If you are fined for not having the necessary travel documents with you (pass coupon and/or student card), you only need to pay a reduced fine if you show your travel documents within two days of

having been fined at the public transportation office. If you show your documents after the two days have passed, you have to pay the full amount of the fine.

Due to the number of incidents reported regarding BKV's (public transport service provider company in Budapest) fining policy, we would like to ask you to do the following when you feel that you are unjustly fined for a supposed breach of the rules of public transport:

Ask for the ticket inspector's name and ID number (these should be clearly displayed on their name tag of their uniform) and write them down for yourself. This way, when you appeal against the decision the ticket inspector can be identified and held accountable.

You can read more about fines and the fining procedure here:

<https://bkk.hu/en/tickets-and-passes/prices/penalty-fares/>

About accidents and damages that have occurred while using the public transport system

In case you have been in an accident (on escalators, on vehicles, or while boarding or leaving any vehicle) leaving you injured and/or your belongings (e.g. your instrument) damaged, and you would like to report it to the public transport service provider company (BKV) in order to have compensation for your damages, loss, etc. (quote from BKV'S homepage):

"Irrespective of who caused the damage to the passenger, we are going to help our passengers to settle the case also in the future. When an accident happens, please report it - as in the past - to BKV in 15 days ("Forgalombiztonsági és Ellenőrzési Osztály" 1980 Budapest 8. Pf.: 11.) or by phone (06/1/334-1964, 06/1/461-6500 extension 244-69) or in writing to any branch of Generali-Providencia or to Invest Broker International Kft. assigned for the assessment of damages (1089 Budapest, Orczy út 34. Phone: 06/1/461-6500 extension 244-60)."

(bkv.hu/en/travel_insurance_conditions)

To be eligible for insurance you must:

- have a valid pass or ticket at the time of the accident
- have a valid student card / student certificate
- report the accident immediately to the driver or any BKV staff, so that it can be officially registered.

This is probably the only way you will have strong evidence that the accident has actually happened and your damages were caused by the BKV.

- besides having the official report about the accident, it is also suggested that you take a photo of the damages caused in your valuables.

Before contacting the BKV, the staff at the Study Department in Room 014 can help you write and address the letter. The official reply is expected to arrive within 30 days.

In case you cannot meet any of the first three requirements mentioned above, you can still try to report your claim to the BKV's insurance company, but there is a lesser chance that your claim will be accepted.

POSTAL SERVICE

When students expect mail sent from abroad to their Hungarian address, they have to make sure their full name is clearly displayed on their mailbox of their place of residence. In case of registered letters and packages, a note is dropped in the mailbox as notification, if the recipient is not home. The note is to be taken to the post office branch indicated on the note, where the letter or package can be collected.

In case of large-sized international packages, an official letter is sent by the post to the recipient that informs them that they might have to pay customs duty before they can collect their package at the designated post office. Customs duties are usually lifted in case of international students who receive packages from home, if they submit a certificate of enrolment when they want to collect their package at the post office. The staff at the International Sub-Department can help translate the official letter and issue a certificate of enrolment for this purpose.

Further information about postal services: posta.hu/international

In special cases, packages may be addressed to the International Sub-Department, but please always ask about the availability in advance.
